Public Speaking.

WM. N. BILBO, Esq., will address the citi zens of Nashville and vicinity at the Court House on next Saturday night, at early candle lighting, upon the points involved in the present Gubernatorial canvass.

Mr. McEwen's Speech.

John A. McEwen, Esq., addressed a very large audience at the Court House, Tuesday night, on the American question. With characteristic eloquence and power of philosophic argument, he held the close attention of his hearers throughout an elaborate vindication of the origin, policy, and apparent destiny of the great American Party. We have not space points of his argument.

After Mr. McEwen had concluded, Messrs. Burso and Shane made short speeches, in re- and I demand of you the satisfaction of a gentlespouse to calls from the crowd.

The New Orleans papers publish election returns from thirty-seven of the forty- I will do the same, and we will step out here and eight parishes in the State, for Supreme Judge, most of them official, which give Merrick, the American candidate for Chief Justice, 1,013 majority.

P. S .- Since the above was in type our telegraphic despatches from New Orleans state that Mr. Merrick has been elected by 2000 ma jority.

FLOUR DEPOT .- R. C. Bandy, No. 50 College street, having secured the agency of several mills, noted for their superior brands, will furmish a fresh article, wherewith to make the "staff of life," at all times, and on good terms. See his card.

MAJOR HENRY .- This distinguished orator addressed an American meeting on Wednesday night, in his palmiest days. We heard him in the exci ting canvass of '40 and '44, when he spoke as none could speak, but those who have the blood of Patrick Henry in their veins. We have heard him in the advocacy of his own claims before the people. the demand limited. BUTTER has declined, and judges would smile when he smiled, or melt in tears at wholesale. For particulars we refer never have we listened to such a speech, even from | to our Price Current. him, as the one we heard that night. The facts ____ were strong and well selected, the logic forcible and irresistible, and his audience were spell bound by RATES OF EXCHANGE, UNCURRENT FUNDS, & his rhetoric. It was not only a good speech, an excellent speech, a soul-stirring speech-it was more, it was a living speech-it will be forgotten by none-and the young men who heard him, will talk of it to their children long after the great orator sleeps in his grave .- Clark. Chron., 6th.

EAST TENNESSEE .- The Athens Post of the 7th, contains the following in regard to the prospects in that end of the State:

In our own section everything looks bright and cheering. Jo. Anderson, the farmer of Marion, is prosecuting the canvass for Congress with energy and vigor, successfully vindicating American principles from the assaults of his competitor, and making troops of friends wherever he goes. As the contest is no longer between whig and democrat, but between pure American sentiment on the one side, and that reckless and dangerous spirit which courts foreign influence and panders for foreign votes on the other, it is unnecessary to predict where Tennessee will be found. We confidently expect a victory in August that will forever crush out the anti-American spirit in this State.

A MAGNIFORNY WEDDING IN PROSPECT.-The Richmond Dispatch treats its readers to the follow-

ing wonderful piece of gossip: We make no excuse for referring to a grand nuptial occasion which is to take place next month in New York. It is gotten up on a scale of ostentation and munificence neccessarily giving it a publicity that will force reporters-in spite of their well known repugnance for such things-to notice it as a part of the chronicle not to be withheld from the public The parties are wealthy. The bridegroom is a Louisiana planter (sugar) and the bride is the daughter of a New York Judge. The preparations are of the amplest kind. No Presidential tour was ever so magnificently provided for, even in the day of Old Hickory. There are 2,000 guests invited, all of whose expenses are to be borne by the inviters LAND WARRANTS-40 acres \$39, 80 acres \$78; 100 acces 10

The bridegroom is to be accompanied by 200 pairs of young ladies and gentlemen from the South and will pass through this city about the 12th July. (That's something to watch the cars for!) In his or the attractions will utterly throw in the shade the fleshpots of the "wealthy Camacho." There being no possibility of accommodating the multitude at a private mansion, the St. Nicholas Hotel has been rented at \$2,000 a day for four days, during which there will be royal feasting. The most distinguished caterer in New York has been engaged to fill the post of purveyor for the vast assemblage of guests. Every art and every expenditure that can add to the pomp and circumstance of the event. will be employed. Wealth there is in abundance, and the parties are determined that the ceremony and attending circumstances shall exceed in granduer anything that has ever proceded it! We will not for the present let our fair readers into the secret of who these people who are about to become so notable; it would diminish the interest of the affair to tell them all about it at once. So we will drop the subject for to day,

> Baltimore and St. Louis connected by Railroad. The Ohio and Mississippi Railroad has been completed from St. Louis to Vincennes (Indiana,) and on the glorious Fourth, the cars were to commence running regularly over it. So then, we have now a short and co.nplete railroad connection with St. Louis. The following is the table of distances over the several roads:

FROM ST. LOUIS TO BALTIMORE. Louis to Vincennes, (O. & M. R. R.) 147 miles. cennes to Terre Haute, (E. & C. R.R.) 58 " Terre Haute to Indianapolis, (T. & I. This distance can be run in about forty hours, struction of the steamer Magnolia by fire near and so when the arrangements are complete, we may expect the passage between Baltimore and St. Louis to be made certainly in less than two days! And this is the shortest route between the Atlantic and the valley of the Mississippi, and as travelers concur in saying that Will be given by the AMERICAN PARTY, in it is the best, (not only with regard to speed Sumner county, on the FOURTEENTH of JULY, and safety, but to delight from the beautiful at GALLATIN. SPECIAL NOTICES.

Immense Sale. It has long ceased to be fashionable to "puff" patent medcines, or do any thing to enhance their sale; not from any particular prejudice that has arisen in the public mind against them, but simply from the worthlessness of nearly all the "great remedies" crowded into the market. But occasionally a medicine that posseses real merit is brought into light-one that is really what it purports to be. Of this class, Sloan's preparations can be ranked with safety, for we have heard of no instance where his medicines have been tried, but that the fullest satisfaction has been given, and their immense sale will fully attest their popularity .-Freeport Journal, Ill. See Sloan's advertisement in another column.

BARNARD L. SIMPSON'S AROMATIC SCHIEDAM JUNIPER SCHNAPPS.

A Superior Tonic, anti-Dyspeptic Invigorating Cordial. It is a lamentable truth that, with few exceptions, every article of food we eat, every article of drink we imbibe, is more or less adulterated; and in nothing has adulteration been practiced to such an extent as in spiritous, vinous and fermented liquors. So much so, in fact, that it is impossible to procure pure liquors and wines unless obtained direct from a bond fide importer, of known reputation, and well established foreign connections.

in hand, and prohibited the sale of spirituous or fermented liquors as common beverages.

Were all liquors sold pure and unadulterated, we should need no Maine Law, and but few restrictions on their sale. Blotched faces, palsed limbs, swollen flosh, and that fearful disease, delirium fremens, are produced, not by pure liquors, but by the infatnated habit of indulging in the corresive poisons sold under that designation.

SIMPSON'S AROMATIC SCHIEDAM JUNIPER SCHNAPPS are manufactured exclusively at Schiedam, in Helland, according to the directions of old established distilling houses in New York and New Orleans, expressly for medicinal purposes, and are entitled to high consideration.
